MCABWA SOP FOR THE FAP

CHAPTER 1

GENERAL

1000. CONCEPT. The FAP is the assignment of tenant Fleet Marine Force (FMF) personnel to MCABWA on a temporary additional duty (TAD) basis. The FAP personnel augment or assist MCABWA with the accomplishment of many tasks necessary to provide support to the operational forces. The intent of the program is to achieve full use of personnel, ensure the maintenance of occupational skills, and reduce the number of personnel chargeable to COMCABWEST support and administration.

1001. OBJECTIVE. The objective of this document is to establish formal instructions for the assignment, administration and relief of FAP personnel.

1002. SCOPE. This Manual serves as an agreement between 3d MAW, 1st FSSG, and MCABWA. These staffing and administrative procedures for personnel, stationed at MCAS Miramar, MCAS Camp Pendleton, and MCAS Yuma, are designed to standardize and facilitate the FAP process.

1003. DEFINITIONS

1. Category I (CAT I) FAP Personnel. Personnel whose military occupational specialties (MOS) is peculiar to support-type activities required for the operation of Air Stations. These support-type personnel are generally not required in garrison by the 3d MAW organization, but deploy with the operational forces in time of war. Military occupational specialties of CAT I FAPs commonly include military police, cooks, bulk fuelers, air traffic controllers, photographers, etc..

2. Category II (CAT II) FAP Personnel. Personnel whose military occupational skill is common to both FMF and Station units. The MOSs that are common to both activities, include drivers, communicators, and operational clerks, etc..

3. Category III (CAT III) FAP Personnel. Personnel performing fundamental and necessary tasks in support of all Marines assigned

to MCABWA Air Stations. Billet assignments include Marines detailed to the rifle or pistol range and other locations commonly requiring Marines to fill category "B" MOS requirements.

4. Parent Unit. The FMF organization with reporting unit responsibility.
5. Parent Command. FMF organization maintaining overall responsibility for the administration of the FAP program at subordinate elements within MCABWA.
6. Headquarters and Headquarters Squadron (HQHQRON). The MCABWA Station organization with reporting unit responsibility.
7. Parent Responsible Unit. Tenant organizations responsible for administering the FAP.

1004. POLICY. Per reference (a), the underlying concern of the FAP is to maintain the combat readiness and efficiency of the FMF units.

1005. FAP MANAGEMENT

1. Billet Verification. On a quarterly basis, each Air Station will conduct a FAP validation meeting with appointed representatives from MCABWA, 3d MAW, and 1st FSSG.

a. The validation process will include a conference-style forum whereby duty experts from each particular MOS field are invited to analyze billet requirements and identify staffing deficiencies. Representatives will review and confirm billet requirements, identify vacancies, identify personnel to be replaced, and annotate billets to be gapped due to staffing constraints. Reports of the billet review will be provided to the MCABWA G-1/Personnel Officer for consolidation.

b. The results of the validation process will be reviewed by G-1 representatives from each organization. G-1 representatives will verify on-hand strength, staffing goals, authorized strength report totals, inbound personnel, outbound personnel and table of organization (T/O) requirements. Upon completion of the review, G-1 representatives will compile a roster of all billets that MCABWA, 3d MAW, and 1st FSSG agree to have filled with FAP.

The findings of the G-1 representatives will be compiled and appropriately staffed for signature by the Chiefs of Staff from MCABWA, 3d MAW and 1st FSSG.

2. Billet Validation and Unresolved Billets. In the event duty experts from an occupational field cannot arrive at an equitable "fair-share" assignment of FAP, the process will be arbitrated by the G-1's from each organization. On-hand, staffing goal, ASR and T/O structure will be verified by each organization. Once an agreement is reached, the numbers will be unequivocally supported until revisited at the next quarterly validation meeting.

3. Billet Staffing. Once the FAP requirement has been identified and verified by representatives of MCABWA, 1st FSSG and 3d MAW, the G-1's from each organization will ensure personnel are assigned in accordance with the results of the billet validation. Personnel will be officially assigned to temporary additional duty orders. Chapter 3 details the procedures for assigning personnel.

MCABWA SOP FOR THE FAP

CHAPTER 2

ASSIGNMENT AND RECALL OF PERSONNEL

2000. GENERAL. The G-1 of 3d MAW and 1st FSSG will ensure assignments are appropriate, and all requirements are accomplished per this Manual.

2001. ASSIGNMENT. Assignment of FAP personnel to MCABWA will be executed by the commanding officer of the individual's parent unit. Personnel will be issued TAD orders to report to the MCABWA local G-1/S-1 as appropriate. These orders will contain a statement that this TAD is at no expense to the government and that no travel is involved. The sample format in Appendix D will be used for the assignments of personnel. Billet descriptions, line numbers and footnotes for FAP billets are identified in Appendix A through C. The MCABWA local G-1/S-1 will assign CAT I FAP personnel to the appropriate line number.

2002. REASSIGNMENT

1. Reassignments of CAT II and III FAP personnel require concurrence of the parent command and MCABWA.
2. FAP personnel awaiting convening authority/supervisory authority (CA/SA) action on courts-martial may be reassigned to non-sensitive billets (e.g., category "B" billets) as deemed appropriate by the MCABWA G-1. If CA/SA's action rests with the parent command, FAP personnel may be returned to the parent unit for administrative control pending CA/SA action. Personnel so reassigned and considered crucial to operational effectiveness will be replaced.

2003. STAFFING POLICY. The primary objective of the FAP is to augment manpower resources of the host activity without degrading the FMF's combat readiness. Appendixes A through C, include the baseline agreement for FAP billets at each Air Station.

1. Category I (CAT I)

a. Tenant FMF units will assign Category I MOS personnel exclusively to FAP. Retention of Category I personnel will be authorized only with the concurrence of parent command G-1 and MCABWA G-1.

b. MCABWA local G-1/S-1 will coordinate with their counterparts at 3d MAW and 1st FSSG units to determine the optimum distribution of CAT I FAP personnel.

2. Category II and III. Requirements for CAT II and III personnel will be determined by mutual consent between MCABWA, 3d MAW, and 1st FSSG.

3. It is understood that discrepancies may exist between 3d MAW, 1st FSSG, and MCABWA T/O's in the CAT II MOSs. In some cases, a particular billet and/or grade may exist on MCABWA T/Os that does not exist on the parent command's T/O, and vice versa. In these situations, parent commands are only responsible to provide those personnel in CAT II MOSs that are joined to their rolls and agreed upon through the quarterly validation meeting without regard to actual T/O structure.

2004. PERSONNEL CRITERIA. The following criteria will be used to determine suitability for assignment to CAT II and CAT III FAP billets.

1. Personnel will not be assigned to the FAP while under the following disciplinary categories.

a. Personnel with one or more courts-martial within the preceding twelve month period.

b. Personnel with one or more NJP's within the preceding six month period.

c. Personnel with one Page 11 counseling entry (per par 6105 of ref (b)), for substandard conduct or performance of duty within the preceding three months, or more than two Page 11 counseling entries within the preceding six months (not to include entries for weight control).

d. Personnel pending an administrative discharge, humanitarian TAD or transfer, or line of duty/misconduct investigation will not be considered for assignment to the FAP.

e. Personnel assigned to the FAP should not be filling a critical billet at their parent unit. Personnel are expected to complete the duration of the FAP as stated in paragraph 2005.3 and Appendix A through C.

f. In rare cases, with mutual consent from the commodity section, the requirements listed in par 2004.1 may be waived depending upon the nature of the FAP billet and the severity of the disciplinary status.

2. Personnel assigned to the weight control program for more than six consecutive months will not be assigned to the FAP.

3. Female personnel who are pregnant may fill FAP billets providing the pregnancy will not interfere with the assigned mission. If female personnel become pregnant after being assigned to the FAP, the member will remain in that billet and may be processed per the current edition of reference (c).

4. Personnel who are on limited duty/light duty may fill FAP billets providing the duty limitation does not interfere with the assigned mission for the billet assigned.

5. Marines identified as alcohol abusers will only be assigned to FAP billets upon successful completion of the appropriate level of treatment from an authorized rehabilitation facility.

6. Personnel assigned to marksmanship billets must have a current rifle qualification of Sharpshooter or higher in order to attend the formal school required to perform their duties.

7. Personnel assigned to the Aviation Ordnance Division perform duties incident to the ordering, receiving, storing, issuing and accountability of air-delivered and certain ground munitions.

a. Ammunition items are grouped by security risk categories. The degree of physical security assigned to sensitive or classified items of munitions are as follows:

SENSITIVITY	
Risk Category	Description
1	Highest Risk
2	High Risk
3	Medium Risk
4	Low Risk

P	Pilferable (Non-sensitive)
S	Secret
C	Confidential
U	Unclassified/Uncontrolled

b. Due to the large quantity of ammunition handled by the Ordnance Division, only personnel who have demonstrated a high degree of integrity, trustworthiness and reliability will be assigned to billets in Risk Categories 1, 2, P, and C. Individuals will be screened for these character traits prior to assignments to the FAP.

8. Personnel criteria and billet prerequisites for specific billets at each Air Station can be found in the notes of Appendixes A through C.

2005. DURATION OF ASSIGNMENT

1. CAT I personnel will be assigned to the FAP for the entire tour at the Permanent Duty Station.
2. Per the reference (a), CAT II personnel will be assigned to the FAP for a minimum of twelve months.
3. CAT III personnel will normally be assigned to the FAP for a minimum of six months and a maximum of twelve months. In unusual circumstances, with mutual agreement, personnel may be assigned for a period of not less than four months or in excess of twelve months.

2006. RECALL OF PERSONNEL

1. Request for termination of FAP personnel will be initiated by the FAP Marine's parent unit per reference (a). All requests will be submitted to the MCABWA local G-1/S-1 via the parent command ten working days in advance of the scheduled recall date (with exceptions for contingency operations).

2. The MCABWA local G-1/S-1 will, upon receipt of a written request from the parent unit via the parent command, terminate the TAD of the FAP personnel who are:

a. Required to support a deployment/exercise of parent units. If the length of the deployment is expected to be less than thirty days, the Marine will not be terminated from the FAP. Instead, the

MCABWA local G-1/S-1 will issue TAD orders after coordinating with the Marine's parent unit. FAP Marines will not be issued funded TAD orders to the parent unit, unless the parent unit requested the TAD.

b. In receipt of permanent change of station or permanent change of assignment (PCS/PCA) orders.

c. Pending expiration of active service, retirement, or transfer to the Fleet Marine Corps Reserve.

d. Required for other priority reasons as determined by the parent command and with the mutual consent of the MCABWA G-1.

2007. NON-EFFECTIVES

1. All Marines assigned to the FAP will be screened for drug use by a urinalysis test by the MCABWA unit.

a. Category I FAPs will be screened by a urinalysis upon reporting for FAP duty. Marines whose test shows drug use upon check-in will be retained by MCABWA and the appropriate disciplinary action shall be initiated.

b. Category II and III FAPs will be screened by a urinalysis at their parent unit ten days prior to being issued orders. If the results of the urinalysis show drug use after the Marine has reported for duty with the FAP, the Marine will be returned to the parent unit for disciplinary action.

c. If, after initial drug screening an individual is identified for illegal drug use, MCABWA units will retain administrative control, and take appropriate legal/ administrative action per references (b) through (f).

2. The TAD orders of FAP personnel who become non-effective for extended periods of time will be terminated as follows:

a. The TAD orders of all FAP personnel will be terminated on the thirty-first day of unauthorized absence. MCABWA units will ensure all appropriate administrative action (10-day letter, DD 553, charge sheet, etc.) has been completed per reference (g) prior to termination of FAP. The Marine's records will be returned to the parent unit for appropriate unit diary entries on the thirty-first day of unauthorized absence. Upon return from desertion, the

individual's parent unit will effect an appropriate unit diary join entry, as required per reference (h), on all CAT I personnel and then return the Marine to the FAP with the concurrence of the MCABWA G-1. CAT II and CAT III personnel returning from desertion will be joined to the rolls of the parent command where appropriate action will be taken.

b. Personnel in the hands of civil authorities will have their FAP orders terminated on the thirty-first day of incarceration. If appropriate, recommendations will be prepared and submitted by MCABWA units for administrative discharge per the provisions of the current edition of reference (b).

c. Personnel who are hospitalized for a period in excess of thirty days will have their TAD orders terminated on the thirty-first day of hospitalization.

d. Personnel who have been awarded a sentence of confinement in excess of thirty days as a result of courts-martial, which has been approved by the convening authority, will have their TAD orders to the FAP terminated upon confinement.

(1) Category II FAP personnel serving sentences of less than thirty days confinement will not be terminated from the FAP.

(2) Category III FAP personnel serving sentences of less than thirty days confinement will have their TAD orders to the FAP terminated upon the fourteenth day of confinement.

e. Replacements of non-effective personnel will be provided within ten days.

f. In all the above cases, the personal effects and organizational clothing and equipment of the individual concerned will be inventoried by the MCABWA unit within twenty-four hours, and delivered with all service records (SRB/OQR, Training, Health and Dental Records) to the parent unit on the date that TAD orders are terminated.

CHAPTER 3

ADMINISTRATION

3000. GENERAL. To provide guidance and personnel administrative instructions pertaining to personnel from 3d MAW, and 1st FSSG assigned to MCABWA in support of the FAP. Personnel assigned to the FAP will be joined by parent unit and sent FAP to MCABWA units.

3001. PERSONNEL ACCOUNTING. Personnel accounting and unit diary reporting shall be accomplished per the current edition of reference (h).

3002. PERSONNEL RECORDS

1. The service record book (SRB)/officer qualification record (OQR) and orders to FAP will accompany the individual reporting to the appropriate Station G-1/S-1 for assignment.

2. Parent units will ensure that each OQR/SRB is audited, and that all administrative details are completed/initiated prior to personnel reporting for FAP. If OQRs/SRBs are not available, personnel will be sent with temporary records. Personnel waiting completion of initiated administrative action may be assigned to the FAP if an appropriate entry has been made in the OQR/SRB indicating that a response is forthcoming.

3. The maintenance of service records is the responsibility of MCABWA. The parent unit shall ensure that personnel records are in satisfactory condition prior to an individual's assignment to the FAP.

4. MCABWA units are responsible for the audit and prompt return of all personnel records to the parent unit upon termination from the FAP. These records will be returned with the individual. All administrative action required by subparagraph 3002.2 above will be accomplished prior to return of the records.

3003. LIAISON. The individual's parent unit and MCABWA units are authorized to correspond directly on routine matters pertaining to the FAP. Correspondence containing matters of policy, disagreements, personnel assignment/recall, etc., will be forwarded via the chain of command to parent command.

3004. ADMINISTRATIVE ACTION (AA) FORMS. MCABWA unit commanders will conduct interviews and all necessary screening for AA forms. After preparation and appropriate endorsements, the AA forms will be forwarded to the Commandant of the Marine Corps (CMC) via the parent unit's chain of command.

3005. PERMANENT CHANGE OF STATION ORDERS (PCSO)

1. Parent units shall immediately notify MCABWA units of pending PCSO by sending a copy of PCSO and a termination request on FAP personnel. MCABWA units will notify the individual immediately and ensure their records are made available to the parent unit as required. Appropriate processing, the issuance of orders, and port call arrangements shall be the responsibility of the parent unit. The parent unit will also ensure that the individual:

- a. Meets all prerequisites for the orders.
- b. Is physically qualified for the assignment.
- c. Has completed the required marksmanship training prior to transfer.
- d. Has the required items of individual clothing in possession prior to transfer.
- e. Has been counseled to ensure that allotments are adequate for the support of any dependents.
- f. Has received the required inoculations.
- g. Has the appropriate passport, if required.
- h. Has the necessary area clearance for dependents, if required.
- i. Meets the security clearance requirements, if required.
- j. Has completed a PCSO checklist.
- k. Has completed a checkout sheet from COMCABWEST. A copy of the checkout sheet will be attached to the termination endorsement of the individual's FAP orders.
 1. Complies with port call arrangements.

2. For FAP personnel with PCSO requiring screening for special assignments (e.g., DI duty, MSG duty, Recruiting duty, etc.) the following procedures shall apply:

a. Commanding Officer, MCABWA units shall conduct the special screening requirements in conjunction with PCSO assignments for CAT I personnel. The original copy of the screening checklist will be forwarded to the parent unit in sufficient time to meet all deadlines specified in the CMC messages/orders.

b. Parent unit commanding officers will conduct all special screening requirements in conjunction with PCSO assignments for all CAT II and III personnel.

3. The responsibility for completing the screening and administrative requirements rest with the parent unit. MCABWA units will formally advise the parent unit of any pending medical/dental/legal situations, which might have an impact on the individual executing the PCSO.

3006. REVOCAION OF MILITARY OCCUPATIONAL SPECIALTY (MOS)

1. Parent units shall be provided with a copy of any request for MOS revocation on FAP personnel.

2. Parent units shall be advised of the projected termination date of those Marines subject to MOS revocation.

3. MCABWA units shall ensure that sufficient time remains after termination from FAP for the parent unit to administratively process individuals per the CMC instructions.

3007. PAY AND ALLOWANCES

1. General. Except as noted, all matters concerning pay and allowances, including the registration of allotments for FAP personnel will be the responsibility of MCABWA units or the supporting Installation Personnel Admin Center. Advance pay and advance payment of travel allowance in connection with PCSO shall be the responsibility of the parent unit.

2. Proficiency Pay. MCABWA units are responsible for the administration of the proficiency pay program per the current edition of reference (i).

3. Commuted Rations. Personnel assigned to FAP who are authorized to draw commuted rations shall continue until such authorization is terminated by the CO of the MCABWA unit.

3008. PROMOTIONS

1. MCABWA units are responsible for administering all aspects of the promotion programs per current Marine Corps directives. Promotion certificates received from HQMC will be forwarded to the MCABWA unit for delivery to the individual concerned.

2. Meritorious Promotions

a. Recommendations for accelerated promotion to staff sergeant and gunnery sergeant will be forwarded to HQMC via the chain of command, with a copy to the parent unit.

b. Meritorious promotions to the grades of private first class through lance corporal will be administered by the appropriate MCABWA unit.

c. The MCABWA Adjutant will administer meritorious promotions to the grades of corporal and sergeant. Personnel assigned to the FAP will be included in the on-board strength of the MCABWA unit to which attached and will not be counted in the parent unit totals for computation of meritorious promotion quotas.

3. Commissioning Programs. MCABWA is responsible for the processing of requests and submission of recommendations leading to a commission in the Armed Forces. Such requests or recommendations will be forwarded to HQMC via the parent unit.

3009. FITNESS REPORTS AND PROFICIENCY/CONDUCT

1. Per references (e) and (f), fitness reports and proficiency and conduct marks for personnel assigned to the FAP will be completed upon assignment and termination from FAP.

2. Sergeants and above in receipt of TAD orders, which will result in removal from FAP for more than thirty days, will receive a fitness report prior to termination from FAP. Upon returning to FAP, the parent unit shall complete another TAD fitness report prior to assignment to FAP.

3010. REENLISTMENTS/EXTENSIONS/RELEASE FROM ACTIVE DUTY

1. MCABWA units are responsible for submitting reenlistments/ extensions of FAP personnel and all aspects of the Career Planning Program per reference (j).

2. Early Release. FAP personnel who request early release from active duty to further education will forward such requests via their parent unit. The request for early release will be approved by MCABWA.

3. Normal Discharge/Release From Active Duty.

a. MCABWA units will terminate TAD ten working days prior to departing on Leave While Awaiting Separation for normal discharge or release from active duty. This termination will be accomplished in time to complete all processing by the parent unit prior to the Marine's scheduled release date.

b. Upon notification of separation, MCABWA units will ensure that a Marine's separation physical has been scheduled and completed prior to the termination of TAD.

c. Termination of FAP orders on personnel separating from the Marine Corps that have been in a FAP status for six months or more shall include a recommended reenlistment code. Those Marines who have been assigned to FAP for a period of six months or more will be considered "separation chargeable" to the MCABWA unit. Any Marine assigned to FAP for less than six months who does not desire to reenlist will be considered separation chargeable to the parent unit.

3011. DISCIPLINE AND INVESTIGATIVE RESPONSIBILITY

1. The investigation and disposition of disciplinary cases, to include complaints of indebtedness and line of duty/misconduct determinations, are the responsibility of MCABWA unit. The MCABWA unit will investigate violations of the Uniform Code of Military Justice by officer personnel. The parent unit will be provided copies of all related correspondence.

2. Administrative Discharge/Release From Active Duty

a. Recommendations for discharge by reason of unsuitability, misconduct, or unfitness and requests by an individual for a good

of the service discharge, etc., will be initiated and forwarded by the MCABWA unit. The Commanding General of the Marine's parent command will be furnished a copy of endorsements showing final action taken.

b. In the event a discharge is approved, the MCABWA unit will terminate the TAD and return the Marine concerned to the parent unit. Recommendations or requests that must be forwarded to HQMC for final determination will be forwarded via the parent command. All such recommendations or requests will contain a paragraph indicating that the individual is a member of the FAP and designate the unit to which the member is attached.

3. Transfer of Personnel to U.S. Disciplinary Barracks. In those cases where FAP personnel have been convicted by a court-martial convened by COMCABWEST, and the U.S. Disciplinary Barracks, Fort Leavenworth, Kansas or the Base Brig at Camp Pendleton is designated as the place of confinement, the MCABWA unit will submit a request for issuance of PCSO as required. This request will be submitted to the parent command along with a certified true copy of the convening authority's action of the record of trial. The individual's service records will also be returned to the parent unit for forwarding to the U.S. Disciplinary Barracks, when the supervisory authority has completed action on the record of trial. The individual's TAD will be terminated at that time.

5. Execution of Punitive Discharges. In cases where FAP personnel have been convicted by a court-martial convened by COMCABWEST which resulted in an approved punitive discharged and no confinement, the MCABWA unit will terminate the individual's TAD when the convening authority has completed all action on the record of trial.

3012. REQUEST MAST. Request Mast shall be made available to FAP personnel assigned to MCABWA units as it is for permanent personnel. Requests for Request Mast with the Commanding General, 3d MAW, and Commanding General, 1st FSSG will be expeditiously forwarded via the chain of command.

3013. LEAVE AND LIBERTY. Leave and liberty will be granted to FAP personnel by MCABWA units. Requests for terminal leave will be approved by their parent unit and will comply with paragraph 3010 of this Manual.

MCABWA SOP FOR THE FAP

3015

3014. CASUALTY REPORTING. Casualty reporting/serious incident reporting per current directives shall be the responsibility of the MCABWA unit to which FAP personnel are attached. The parent unit will be notified immediately and made an information addressee on all such messages and correspondence. In the event of death, an individual's TAD orders will be terminated on the date of death. MCABWA units will ensure that all administrative action is completed and that service records are returned to the parent unit for appropriate disposition.

3015. DEPLOYMENT READINESS. If a crisis arises, FAP personnel may be rapidly deployed. MCABWA units are responsible for maintaining the readiness of FAP Marines and are charged with evaluating and reporting changes in deployability status per the current edition of reference (h).

TRAINING

4000. GENERAL

1. Parent units shall satisfy individual training requirements before assigning personnel to the FAP. Personnel whose training requirements have not been met may be waived due to participation on the Unit Deployment Program.

2. The MCABWA unit shall ensure individual training is conducted for those FAP personnel in their units per the current MCBul 1510 series. Training requirements for personnel assigned to the FAP for less than 180 days will be the responsibility of the parent unit.

4001. SCHOOL TRAINING. For the purpose of this paragraph, formal school training includes those schools outlined in the Formal Schools Catalog and such other training for which quotas must be obtained from higher headquarters. Local school training includes those schools conducted within the MCABWA area with quotas controlled by a local commander.

1. Formal School Training. When desiring formal school training for FAP personnel, MCABWA units shall send a request for such training to the parent command. The request will contain justification for the training, the name of individual selected for the training, and a statement that the individual meets the prerequisites for the course. The parent command will annually solicit recommendations from MCABWA for formal school training quotas desired for FAP personnel. Orders for such training will be issued by the parent command.

2. Local School Training. Quotas for local school training will be requested by MCABWA from the local commander controlling quotas to the school. Appropriate orders, if necessary, will be issued at no expense to the government by the MCABWA unit.

4002. MARKSMANSHIP TRAINING. Marksmanship training for CAT I personnel will be the responsibility of MCABWA. Marksmanship training for CAT II and III personnel, who are assigned to the FAP for less than 180 days in the current fiscal year, will be the

responsibility of the parent unit. Category II and III Marines returned from a FAP assignment with less than 180 days remaining in the current fiscal year must have qualified with their T/O weapon prior to returning to their parent unit. All personnel assigned to marksmanship training will be issued a weapon card from the Station Armory.

4003. AVIATION PERSONNEL. Aeronautically designated personnel assigned to the FAP are, if required, expected to maintain proficiency in their aircraft model commensurate with their MOS (3d MAWBul 3710 series applies). The Commanding General, 3d MAW is responsible for providing sufficient flight time to meet minimum requirements for FAP personnel. Requests for authorization to fly MCABWA aircraft will be submitted via the chain of command.

CHAPTER 5

LOGISTICS

5000. GENERAL. Except for items of individual equipment, logistical support will be the responsibility of the MCABWA unit.

5001. MESSING AND BILLETING

1. Messing will be the responsibility of the MCABWA Commander.
2. Billeting
 - a. CAT I personnel will be billeted by the MCABWA unit.
 - b. In order to promote unit cohesion and personnel accountability, MCABWA units may provide billeting for CAT II and III personnel on a space available basis. MCABWA units will retain the final decision authority in regards to billeting requirements for CAT II and III FAP personnel.

5002. INDIVIDUAL CLOTHING AND ORGANIZATIONAL CLOTHING AND EQUIPMENT

1. Parent units will ensure that all personnel possess all required uniform items prior to being assigned to the FAP. MCABWA units will ensure the same is accomplished prior to returning FAP personnel to their parent unit.
2. All organizational property, with the exception of 782 gear, will be recovered by the parent unit prior to assigning personnel to the FAP.
3. MCABWA units are responsible for issuing any special items necessary for assigned duties.
4. It is the responsibility of MCABWA units to require FAP personnel to maintain the required uniform clothing.
5. FAP personnel will stand inspection with permanent personnel of MCABWA units.

6. Individual Weapon

a. CAT I and II personnel will be provided weapons and equipment from the MCAS Armory for training purposes only. Personnel requiring weapons/equipment for periods of TAD/ deployments will draw these items through their parent unit.

b. CAT III personnel will draw weapons and equipment through their parent unit.
